

COMPARING HOSTS

Use this worksheet to compare any hosting companies you may be considering. Complete our 'Hosting Evaluation' worksheet to find answers to each question, then list each company below. Mark the boxes as you feel - you could use ticks and crosses, or even a numbered system to score each company.

Company 1

Company 2

Company 3

C3

Server Locations

Do they offer multiple servers, with one close to your target audience?

Price Points

Do they offer a plan that meets your blog needs, and your wallet's?

Cancellation Policy

Are you happy with their terms and conditions?

Hidden Costs

Are you happy with any renewal fees, service fees or upgrade fees?

Automatic Upgrades

Will your site stay online in peak traffic, at a price you're happy with?

Customer Support

Are you able to reach them when you need, in a way you prefer?

Migrating

Do they make the migration process easy & simple, and help you move?

Platform Compatibility

Do they support your CMS, and cater to its unique needs?

HTTPS & SSL

Are these included in your plan, at a good price with easy installation?

User Interface

Do you feel comfortable navigating their site & finding what you need?
